New Policies On Bids, Purchases Considered

Policy discussions on bidding procedures were held by the Granite City school board during its Tuesday night meeting and will appear on the agenda for the next regular meeting. Bidders are notified.

Board Member Dan Linder cited a time lapse from when bids are called for and successful bidders are notified.

Rather than opening bids on a meeting and then laying them over to the next meeting or board action, he proposed that the bids be opened publicly during an afternoon and then be presented to the board for action at the following meeting.

He also asked if school needs can be anticipated farther in advance to limit the number of emergency bids.

Reason For Past Change

Member Robert Spengler pointed out that past school boards were criticized for having bids opened during the day, and anticipated that none of the public would appear for public readings during the day.

It was noted that currently none of the bids are disclosed when opened during meetings until the following meeting, unless they are due for immediate action.

Linder also proposed that all items in a particular category be purchased from the same bidder rather than selecting vendors on an individual item, low-bid basis as is currently done. He said it would simplify bookkeeping procedures for the administration and also would improve relationships with vendors. Members were asked to consider the proposals before the next meeting.

Strict adherence to bidding procedures was called for after a bid on canned goods was received by telegram at 6:30 p.m. Tuesday, two hours after the deadline.

School Attorney Maurice Dailey advised that the bid was not in proper form, and noted that an earlier hour was set to prevent a late influx of bids presented during a meeting. The bid was rejected on a motion by Member Monroe Worthen.

May Act Against Firm

Dailey was instructed to investigate the possibility of taking legal action against the State Tackpointing Co., which was awarded a contract to tackpoint the high school and Emerson-Niedringhaus grade schools on a low bid basis. Later, the firm informed of the award would be unable to do the work.

New bids were obtained from three other firms, increasing the cost to the school district by \$171.

Low bids were \$1053 by Girard Tackpointing for the high school and \$1093 by Girard for Nameoki school; \$876 by William Baker Tackpointing for Emerson school; and \$2600 by A-1 Tackpointing for Niedringhaus school.

Mass Approval

For the first time, all previous open-bid bids were awarded in one motion. In the past, individual items in various categories were considered.

Linder noted that board members had studied the bids before the meeting, and said individual re-consideration by the board as a whole was unnecessary unless there was a particular question on the recommendations of the administration.

Purchases, generally on a low bid basis, were approved in 12 categories as follows:

- Twenty to 25 aerosol insect killers, Oxon Exterminating Co., \$11.95 each without cylinders, \$3.75 refund on empty cylinders, \$1.60 application tube and 25 cents for a wall bracket; cafeteria laundry service, Morgan Linen Supply Co., 3.75 cents each for dishcloths, 11 cents for aprons and 15 cents a pound for rags.
- Cafeteria ice cream, Midwest Dairy Products of Granite City, low bidder on all but one of 17 items; cafeteria paper supplies, Chris Hoerr & Son Co., \$237, J. F. Conroy Grocer Co., \$3150, Graham's Book Store, \$1660, Stocker & Hausmann Co., \$1612, and Switzer's Wholesale Supply Co., \$274, total \$3815.
- Candy, Potato Chips M & M Vending Co., 20% of sales to be remitted; dishwashing materials, Economics Laboratory, \$1270; crackers, Schulze & Burch Biscuit Co. for four

cracker packs and bulk saltines, and Sunshine Biscuits Inc. for Graham cracker crumbs; cafeteria liquefied petroleum gas, Ross Oil Co. of Belleville, 10.4 cents a gallon.

Potato chips, Best Wholesale Co. of Granite City; bakery goods, L. Bruno & Son of Collinsville which offered the overall lowest cost of seven bidders.

Shop Supplies

Shop supplies, Foley Lumber Co., \$337; Paxton Lumber Co., \$25; Steele & Hibbard, \$1076; Gaines Hardware Lumber, \$243; Beck & Corbitt, \$1044; Rubelmann Lucas Hardware, \$750; Paxton Equipment, \$976; George Rubelmann Hardware, \$483; Brodhead Garrett, \$912; U. S. Paint Co., \$144; Harry's Paint Store, \$311; Mill Supply Co., \$1328; Silgo Inc., \$108; Interstate Industrial Electronics, \$339; Stanley Industrial Tool, \$87; Bona Venture Supply, \$46; Service Blue Print, \$23; Ruckert Co., \$55; Kouffel & Esser, \$47; Brown Supply Co., \$825; Warehouse Electric Supply, \$126; Van Sickle Co., \$111; Baptist Electronics, \$190; Walter Asher Radio, \$27; Lincoln Electric Co., \$590; Walder & Industrial Services, \$1082; Hill Equipment Co., \$1405; Clements, \$85; Cope Plastics, \$370; Tandy Leather Co., \$275.

To Replace Doors

A contract was awarded Granite City Glass Co. to replace doors on low bids of \$100 at Frohardt school, \$1640 at Maryville school, \$835 at Wilson school and \$1222 at Lake school, a total of \$4757, which is within the budget estimate of \$7200.

Other bidders were Parker Planning Mill and General Contracting Co.

Special purchases of a "football charge resistor" from Jack Perrin for \$130, and 469 locks for lockers from Master Lock Corp. for \$703, were approved. Emergency repairs to a tractor for grass cutting by Soechting Farm Equipment for \$150 also was approved.

A contract for a steam line to correct heating controls at the senior high school was awarded to the Krenner-Hicks firm on a sole bid of \$8908 which was previously submitted. A call for additional bids brought no response.

The board also approved educational fund bills of \$44,687, building fund bills of \$31,540 and bond and interest fund bills of \$122,790.

James L. Foster Dies; Formerly Of Madison

James Leonard Foster, 38, a resident of Madison for 25 years before moving to Oregon 10 years ago, died suddenly at his home in Medford, Ore., Monday of an apparent heart attack.

A graduate of the St. Louis College of Pharmacy, Mr. Foster was employed at Reese Walgreen drug store while living in Madison. He was the proprietor of two drug stores in Oregon—one in Medford and one in Jackson.

Mr. Foster, who was born in Puxico, Mo., was a member of the Medford Lions club, Medford Elks club and the Methodist Church. He is survived by two sons and two daughters, all of Granite City. The children had been visiting with their father at the time of his death.

Other survivors of Mr. Foster are his parents, Mr. and Mrs. Jesse Foster of Madison; one brother, Jesse Foster Jr., of Des Moines, Tenn.; and one sister, Mrs. Robert (Louise) Ebersold, Madison.

Funeral services are tentatively set for Saturday at a Granite City funeral home. An obituary notice is given elsewhere in today's issue.

Traffic Accident Record To Be Set, Urge More Caution

Granite City police today urged drivers to use more caution, as July is on the way to setting a record for traffic accidents for the month. So far there have been 84; the record is 90, set in July of 1955.

There were nine accidents in the Quad-City area since Monday, including four in which persons were injured.

Two persons were injured when an auto driven by Stanley Lucas Jr., 525 Lee avenue, Madison, struck the left front of a truck driven by Jimmie S. Courtney Jr., 58, Route Three, Edwardsville, at 2:10 p.m. yesterday at Edwardsville road and McCambridge avenue.

Two persons were injured in a three-car accident at 8:25 a.m. Tuesday at Nameoki road and Madison avenue.

They were Evelyn J. Heimbokel, 56, of 2954 Washington avenue, and his wife, Mrs. Mary Heimbokel, 45. They were taken to St. Elizabeth Hospital with complaints of pains in his back and left chest and suffered a laceration at the end of his right eyebrow. Mrs. Courtney was taken to the right side of the head and right hip. X-rays were taken of both and they were admitted.

Three-Car Accident Two persons were injured in a three-car accident at 8:25 a.m. Tuesday at Nameoki road and Madison avenue.

They were Evelyn J. Heimbokel, 56, of 2954 Washington avenue, and his wife, Mrs. Mary Heimbokel, 45. They were taken to St. Elizabeth Hospital with complaints of pains in his back and left chest and suffered a laceration at the end of his right eyebrow. Mrs. Courtney was taken to the right side of the head and right hip. X-rays were taken of both and they were admitted.

Heimbokel's auto and a car driven by Evelyn J. Arbetter, 48, of 2216 Woodlawn avenue, were stopped for a red light when an auto driven by Leonard Wade, 21, of the 185th Engineer Co., Granite City Army Depot, struck the rear of the Heimbokel car, shooting it into the rear of the Arbetter auto, police said. Wade was charged with careless driving.

A car driven by John M. Ryan, 44, of 1508 Gardfield avenue, struck a sewer cleaning machine and ran into an open manhole at 1:30 a.m. today on West 26th street between Illinois and Dewey avenues.

He was taken to St. Elizabeth Hospital for treatment of a laceration inside the lower lip. He was charged with careless driving and destruction of property.

William Varfield, superintendent of streets, was called to the scene. Warning lights at the site continued to blink after the accident, police said.

Two Injured Two persons were injured at 6 a.m. Tuesday at 23rd street and Grand avenue when a Quad-City taxicab driven by Billy W. Dillard, 107 Abbott street, 107 Venice, struck an auto driven by Henry W. Dudley, 2204 Lynch avenue.

They were Mrs. Bertha Dudley, 63, of the Lynch avenue address, and Mrs. Rebecca Parish, 59, of 3032 Washington avenue, who were taken to St. Elizabeth Hospital.

Mrs. Dudley reported pains to the right shoulder, right elbow and right side of the chest, and there were abrasions below the right elbow. X-rays were taken and she was transferred to Jewish Hospital, St. Louis.

Mrs. Parish complained of a headache. Skull x-rays were taken, and she was treated and released.

Dillard told police his brakes failed, causing his car to go through the intersection and strike the Dudley auto. Both vehicles were damaged about the front.

New Flavors Spark Tomato Juice

You can retain the sun-ripened goodness of this year's tomato crop if you will devote a few hours to making and canning fresh tomato juice. It will taste mighty good come winter.

High in vitamins, low in calories, tomato juice can cost you as little as 6 to 12 cents a quart. The cost depends upon the source of the tomatoes.

Tomato juice is an excellent substitute for sweet, bottled drinks for children. Let them play at mixing, making their own choice of seasonings, and they'll learn to love it. Tomato juice is a boon to weight watchers, too, for a cupful adds up to only 50 calories.

Prepare your juice without seasoning, and store it away. When you plan to use it, take down a jar or two several hours in advance of serving time. That's the time to add the seasoning, or combination of seasonings, your favorite taste (onion, garlic, pepper, mint or sage. It's fun to experiment, and variety, too, adds spice).

Tomato juice is easy to make at home. One bushel (53 lbs.) of sound tomatoes will make 12 to 16 quarts of juice.

The principles are simple—wash, rinse, core and quarter red-ripe tomatoes. Simmer in covered kettle until soft, then put through food mill or sieve to remove seeds and skins. Reheat juice almost to boiling and pour to within one quarter inch of the top of fruit jars. You may, if you like, add one teaspoon of salt to each quart. Put dome lids on jars, screw bands tight, and process in boiling water bath canner. Pints require 10 minutes, quarts 15 minutes.

Bids Sought On New Madison Drainage Line

Pans for a proposed Madison storm water relief drainage project were approved and bids for its construction were called for by the Madison city council Tuesday night.

The project will consist of an underground drainage sewer beneath Washington avenue from Eighth to 14th street. Purpose of the project is to relieve the present combined drainage system which has been unable to adequately handle the city's storm water. The levee district has installed a line to Eighth street.

Mayor Stephen Maers said all bids will be opened and a contract for the work will be let at a special council meeting Tuesday, Aug. 27. Estimated cost was not disclosed.

The council adopted a public nuisance ordinance. It defines nuisances and potential nuisances and provides procedures for their inspection and abatement.

The ordinance provides for fines of \$5 to \$200 for residents or non-resident persons who fail to comply with health department orders. Fines may be assessed for each violation and for each day the violator fails to remove the problem.

Seventh Street Approved

It was announced by Mayor Maers that plans to reurface Seventh street from Madison avenue to State street have been approved by the State Department of Public Works and Buildings. Work will begin on the project shortly after bids are opened and a contract let on Aug. 2. Funds from motor fuel taxes will be used.

Bonds for special policemen Steve Kaman, 1021 Washington avenue, and Harold Peck, 1925 Rhodes street, were approved by the council.

It was reported that the city's mosquito spray machine has been repaired and is in good working condition. After hearing the report, Mayor Maers said that purchase of a new machine could be delayed at least until next summer.

148 GCHS June Graduates Have Fall College Plans

Almost 40% of the 376 June graduates from Granite City high school are planning to enroll in colleges and universities this fall, judging by transcripts requests filed with the high school office.

The school has sent the transcripts of 148 students to about 30 colleges and universities across the country. Forwarding of transcripts is a necessary step toward college enrollment and acceptance for classes in September.

Listed below are GCHS June graduates who have indicated plans to continue their education this fall. Transcripts of some have been sent to more than one college. The mailing, of course, does not prevent possible changes in plans by some of the students.

Park Plans Labor Day Celebration Sept. 2-4

Following considerable discussion last night, the Granite City park board voted unanimously to stage a second Labor Day weekend celebration in Wilson Park, Sept. 2-4.

Before agreeing to hold the event, the commissioners questioned the slim profits—less than \$300—from last year's celebration.

Park Superintendent Harold Brown said an invitation to hold a soft ball tournament and an inter-city league baseball game between two Granite City teams, Sacred Heart and Mercer Funeral Home, are scheduled during the Labor Day weekend and should draw a number of persons into the park.

Rides, concession stands and entertainment similar to those here for the July 4th celebration will be scheduled, too, Brown said. He listed a profit of \$1638 from the July 4th weekend event.

To Attend Park Convention

Commissioners voted to make four reservations for the American Institute of Park Executives convention in Washington, D.C., Sept. 22-26, with expenses to be paid out of park district funds. Three board members and Brown plan to attend.

A contract for replacement of an electric circuit breaker, panels and a fuse box in the bathroom of the Wilson Park swimming pool was awarded to Dron Electric Co. on a low bid of \$214. Rice Electric Co. bid \$269.

Repairs and new construction authorized included replacement of windows in a restroom at the community center with glass blocks and a ventilator, estimated to cost \$150, and purchase and installation of 200 feet of chain link fencing to be erected eastward along Fabling road, connecting with fencing now in place near baseball diamonds, estimated to cost \$440.

Park district salaries for June 28-July 24 were \$27,375. Bills for the same period were \$18,586, including \$2417 for installation of a sewer line to new rest room facilities in Wilson Park and \$2386 for resurfacing of the park tennis courts.

Payment of an additional \$61

to the sewer line contractor, G. H. Sternberg & Co., was authorized. This covers costs of repairs to a water line broken during sewer installation.

Park receipts for the month ending July 24 were \$13,770, Brown said. Concession stands brought in \$719 and the park pool another \$4670.

Program Bids Sought

Bids are to be sought for printing of 8000 programs depicting the park district's program of winter activities.

A summer program brochure was well received by the public, Brown said.

He added that all tickets for remaining Municipal Opera trips sponsored by the park district have been reserved or sold.

Namek Township Tax Payment Deadline Today

Latest payments of \$104,763 in taxes have brought Namek township's tax collection total to \$549,064, according to Collector Gene Rotter, who said that over \$600,000 of the total tax bill remains to be collected by today's 5 p.m. local payment deadline.

Rotter, who is receiving payments at the township relief office, 4250 Highway 162, said that after today, Namek taxpayers will have to make their payments at the county treasurer's office in Edwardsville. They will have until Sept. 1 to do so.

Madison Accident

Cars driven by Dale F. Scheisinger, Seelyville, and Chester Barr, 125 Cranzer Homes, Madison, collided at 4:20 p.m. Tuesday at Third street and McCambridge avenue. The left front of the Scheisinger auto and the right side of the Barr car were damaged.

TOURNAMENT DRAWING

Managers of each of the 12 teams entered in the Amateur Softball Association regional tournament at Wilson Park Aug. 2-4 are being asked to attend a drawing for first-round pairings tomorrow.

The drawings will be held at 5 p.m. in the office of the Granite City park district, according to Harold Brown, ASA commissioner.

6 HOME FOOTBALL GAMES

Granite City high school will play two-thirds of its 1963 football schedule at home—provided construction of an Edwardsville high school addition on the site of the EHS football field is underway as is planned now. GCHS and Edwardsville will play Edwardsville's "home" game here on Oct. 25.

The Warriors, under new head coach Jim Morrison, will open a nine-game schedule on Saturday, Sept. 14 at 2 p.m. in East St. Louis. The opponent is assumed. Homecoming is Oct. 18—against East St. Louis.

PADDLERS IN AAU MEET

Undeclared Paddlers Swim Club will send about 40 contestants to the AAU's Central Illinois Association meet in Marion tomorrow and Saturday.

Other members of the Southwestern Illinois Swimming Association are expected to compete in a meet which will draw about 500 swimmers and divers. Included will be the Sunset Hills country club team, a 225-133 victory of Paddlers last week.

WICHITA ALL-STARS

Pitcher Howie Lamb and first baseman Babe Champion were named to the Wichita All-Star softball tournament all-star team and will receive trophies as the result of their play in the July event in which the Park District nine took third place in the Wichita tourney.

HE'S IN THERE. Jack Scarborough (42) slides home safely under a cover of dust with the park district's only run in second game of a doubleheader with Sullivan here last night. Scarborough scored on wild pitch by eventual winning pitcher Joe Phillips. Catcher is Rich Maxedon and first baseman is Dean Mitchell. Class A softball clubs divided the twin-bill.

Park Splits With Sullivan; Has Doubleheader Here With State ASA Champs Saturday

Illinois' state softball champions, Peoria Palmer House, came to town Saturday for a two-game set with the Granite City park district's class "A" softball aggregation, which split a doubleheader here last night with Sullivan.

Palmer House, the reigning ASA titlist, will hook up with the park in a twin-bill beginning at 7:30 p.m. Saturday in Wilson Park.

On Sunday evening, more top-flight opposition is scheduled here for another doubleheader. The park district (28-19) will play DeWitt Motors of the St. Louis Metro league. Again, the first two games begins at 7:30 p.m.

Lamb Fines 14
Granite City, still seeking to break out of a team batting slump, got away to a good start in last night's first game behind the two-hit, 14-strikeout pitching of its ace, Howie Lamb.

The only run of the game came across in the second when Sullivan issued pitcher Bob Cochran issued walks to Babe Champion and Leon Chappel and Jake Hinterser followed up with a double, the first of two by the park outfielder.

A two-base error got Lamb in trouble momentarily in the fourth, but Stan Barnes tried to take third on the infield overthrow and was cut down.

Sox Sutton on a leadoff single in the second, then struck out the side. The next batter he retired were by the strikeout route also.

3-Hitter By Phillips
But Joe Phillips handcuffed the park with a three-hitter in the second game and an unearned run for Sullivan spelled defeat for Carroll Gillison, who gave up six hits.

Cochrane, playing third base in the nightcap, posted a one-out triple to center in the fourth.

Two Big Plays
There were two decisive plays which helped Miller & Mickey's stay ahead of the division pack.

Miller & Mickey's and Spengler-Dawes continued their neck-and-neck battle for the "A" division title in the park district's classic softball league Tuesday night at Wilson Park.

It took a bit of daring base-running before M&M, the league leaders, could edge Granite City Steel Credit Union 2-1, while Spengler-Dawes remained one game back with a 6-1 decision against Roy & Roy's, thanks to a five-run flurry in the final two innings.

Player Breaks Arm; Will Miss Tourney

Rich Lee, a member of the GCHS baseball team which finished high in the state tournament and also played for Edwardsville's state league team, broke his right arm Tuesday night in a game with the Granite City team.

Lee, who plays for Maryland Bi-Rite, broke the arm in a collision at home plate in a game with the Granite City team.

Mercer Cruising Toward Playoffs, But Hearts Experience Rough Water

Pegged as a possible contender for Red division and cup play-off laurels before the season began, Granite City Sacred Heart—five games off the pace and in danger of failing to last place in the division standings unless it pulls a complete reverse—draws Red division leader Moose Lodge in Sunday's Inter-City Baseball league attraction at Wilson Park.

Unable to put effective pitching and sound hitting together in one nine-inning span since early June, the Hearts have dropped six of their last eight games, four of them to clubs within their own division.

The last time they emerged unscathed from a Sunday engagement, it was with a 5-1 win over the Moosemen back on June 2. Since then, the Moose have scored a 5-4 decision, so Sunday's game here is the last time the two are scheduled to meet before the season closes.

In the Red division cellar just one game back of Sacred Heart

are the Collinsville Boosters, whose glaring lack of adequate fielding has kept them there most of the season.

Collinsville plays Troy at home Sunday, and the combination of a Booster win and Heart loss would find the two teams sharing last place on Monday morning.

Mercer In Playoffs?

Mercer Funeral Home, struggling to gain on Blue division leaders but unable to narrow the margin despite playing at an 833 clip the past month and a half, has accomplished something nearly as important in the process.

Solidly in third place by four games over Carpenter, Mercer apparently would make the play-offs with room to spare by just playing 500 baseball over the next eight weeks.

On Sunday, the Mercermen will be concerned with the lowly Alwood Flyers, who have won twice in 13 tries. The Mercermen inflicted two of the set-

backs Alwood sustained in a nine-game losing streak which was broken just last Sunday—happily for Mercer—with a 9-4 win over Carpenter. The Mercer-Alwood game will be played in Roxana.

St. Clair Heating, the Blue division team which most observers thought would fold after a fast start ("no pitching" was a common comment) puts its sparkling 12-1 mark up against a serious threat, defending champion Pochontas, Sunday at Jones Park in East St. Louis.

The Braves, who finished with a flurry to win their second post-season playoff title in 1962, are 1½ games back and riding a three-game win streak which began after a loss to St. Clair June 30.

Finally, Carpenter travels to Maryville in a game most important to the Red Sox, who can stay right in the thick of the Red flag race by winning. The Sox are two games back of Moose Lodge and have a ½-game lead over third-place Troy.

The Blue division as a whole continues to be the stronger on paper, with an eight-game edge in wins over its Red division counterpart.

Board Receives Bids

Good News For Basketball Players: GCHS Gym Floor May Be Replaced

The hardwood block basketball court at Granite City high school's memorial gym is due for replacement this year, putting an end to an experiment tried when the gym was constructed in 1955.

A majority of the members of the school board indicated Tuesday night that they favor a low bid of \$12,681 from G. H. Sternberg & Co. to replace the blocks with more resilient maple on the entire area of the gym floor. Boards would be placed atop "sleepers."

The end-grain 1½-inch-thick wood block floor has drawn complaints from visiting players, including two professional teams which used the gym when it was new.

The hardness of the floor has been blamed for injured ankles, knees and teeth and muscle strains by coaches and game officials.

Two Firms Bid

Bids from two firms were opened during the meeting. Parker Planning Mill submitted a \$14,475 bid to replace the entire floor, \$1784 more than Sternberg. The new floor would be similar to that at Prather Junior high school.

On an alternate proposal to replace just the basketball playing area, Sternberg bid \$7992 and Parker \$7858.

A majority of the board, including President Ralph Fritch, Mr. Monroe Worthen, Ronald Dillard and Robert Spengler, preferred the complete project, as it was believed the maple surface on the main court would not coincide evenly with the blocks adjacent to it and would create a hazard for members of physical education classes who use the entire gym floor.

Linder, Buske Opposed

Members Dan Linder and Ralph Buske strongly opposed immediate approval of the project, and Linder succeeded in postponing a decision until the next meeting on Aug. 13.

Both wanted more information upon which to base a decision, and Linder called for reports and recommendations on the current type of floor from organizations, from institutions which use similar floors and from the officials.

At first he also asked for information on the cost of replacing the floor, but he withdrew this from his motion after School Engineer Marvin Dean said the surface is in good condition and not in need of repair.

Dillard said he doubts that any other institutions could be found that utilized Granite City's type of flooring as it was an innovation when installed and apparently was not copied

elsewhere. He voted against the busk, in a 6-1 roll call.

"Floor Looks Nice"

Busk's objection, saying that a new floor is not needed, "It'd look awful nice to me," he said, but he declined to suggest by Dillard that he run on it. Busk cited the need to consider athletic expenditures in relation to other school needs, but later asked if the GCHS tennis courts could be lighted for night playing.

Dr. Harold M. Kaiser, superintendent, said board members had proposed the project and the contract calls for work to be completed within 25 calendar days after the contract is awarded. It was decided to place the topic on the agenda for the next meeting Aug. 13.

35-Plus Slow Pitch League By 2 Games

Granite City Trust & Savings Bank opened up a two-game lead over the closest challengers in the 35-Plus Slow Pitch Softball league Monday night at Bellemore Sports Grounds 22-14 in a free-scoring contest.

The Bankers got help from Club Delmar, which slipped Wood Fuel 5-3 in a well-played first game. All-Wood fell into a tie for second place with Bellemore, which came back in the third game to beat Club Delmar 10-5 in a map game.

Roger Bowler hit a three-run homer for Trust Bank and drove in six runs with a perfect five-for-five night at the plate. Ed Hoff duplicated that effort for Bellemore, counting for three runs in the first and driving in three more runs with three hits.

Ollie Jacobsmeier was the winning pitcher and Pat Patterson the loser.

All Runs Via Homers

Home runs were decisive in Delmar's 5-3 win over All-Wood, with Ted Sabo hitting one out for Delmar in the first with a runner aboard, and Delbert Coy accounting for the remainder with a three-run round-tripper in the third off loser Sonny Milonski. Harold Schmitz was the winner.

Coy had another homer, double and single and drove in five runs for Delmar in the third game, but Bellemore hitters went for a distance, getting three triples in the first inning to take the lead and keep it.

Gus Lignout drove across five markers for the winners with a pair of triples and a single. Andy Timko got credit for the win, while Schmitz broke even for the night as he took the loss.

Kiwanis All-Star Game

At Mitchell Reviewed

The all-star baseball game held July 21 by the Mitchell Kiwanis club was termed a success by Vice-President Gene Durete at the club's regular Monday night meeting at Art and Norma's cafe.

Opposing teams in the game were formed by players in the baseball program sponsored by the Mitchell Kiwanians.

The seven club members present at the meeting were urged to attend the District Sports Day being held this afternoon and evening at the Lockhaven country club near Alton. Members of Kiwanis clubs throughout Madison and St. Clair counties are participating in outdoor recreational activities, such as golf and swimming, at the annual outing.

WOMEN OF MOOSE CHAPTER MEETS

A scheduled meeting of the Women of the Moose, Chapter 247, was held last night at the Moose Hall.

Senior Regent Margaret Noonan was in charge and 34 members were present. Mrs. Rose Halbert, recorder, reported on receiving her cap and gown and the remainder of the time was spent at games, the prizes going to Mrs. Mary Mertz and Mrs. Earlene Frame.

The next chapter meeting is to be held Aug. 14.

LEGION AUXILIARY PLANS INSTALLATION

American Legion Auxiliary, Unit 113, met last night at the Legion Home.

Mrs. Mildred Reese, president, was in charge and final plans were made for an installation in August. Other matters were discussed during the brief business session and later there were games, the prizes going to Mrs. Ada Dishong, Mrs. Alma Klaus, Mrs. Carmen Toth, Mrs. Reese and Mrs. Bernice Spaich.

Refreshments were served by the hostesses, Mrs. Klaus and Mrs. Toth, to approximately 20 members.

GO TO CHURCH SUNDAY

MR. AND MRS. TERREL JOHNSON. Their wedding took place last week at Concordia Lutheran Church. The bride is the former Evelyn Chastain, a daughter of Mr. and Mrs. Everett Chastain, 4917 Mueller avenue.

MISS LAURA McPHAIL, a daughter of Mr. and Mrs. James W. McPhail, 11345 Revera lane, St. Louis, whose engagement to Charles McPhail, a son of Mr. and Mrs. Willis McPhail, 2137 Cleveland blvd., is announced. The wedding will take place Sept. 21 in St. Louis.

Auxiliary Plans 'Xmas In July'

The Eagles Auxiliary is planning to observe Christmas twice this year, the first to be "Christmas in July," when dolls will be given to two orphanages in the area.

Mrs. Bernice Johannmeier is in charge of the project and the dolls were displayed at a meeting of the Auxiliary last night.

Mrs. Helen Prengel, president, presided over the meeting and Mrs. Angie Buehler reported on a party for patients at the Madison county sanatorium last week. She was assisted by Mrs. Katie Clark and Mrs. Delores Klesh, and there were games, refreshments and entertainment.

The "Eagles" kitchen band has been invited to play for patients in the sanatorium at their Halloween party in October.

Plans were furthered for a rummage sale in the latter part of August by the "Eagles."

Mrs. Fay Briggs and Mrs. Angie Buehler, members of the hospital committee, served refreshments. The tables, decorated in a "glad you came" theme, had small bird houses in which there were tiny birds sitting on mounds of green, surrounded with white peppermints.

The prize of the evening went to Mrs. Jamie Denton. The next meeting will be held Aug. 13.

SWIU Pre-Entrance Tests Slated Saturday

Southern Illinois University will administer a battery of tests under the American College Testing program Saturday July 27 at Alton. Scheduled to begin at 8 a.m., the tests will be held in Auditorium 200 and Annex A-104 (2809 College Avenue) and will continue until noon.

Required by all students entering SIU for the first time, the American College Test is used to examine general knowledge and ability in mathematics, natural science, English, and foreign languages.

Results are used as a guide in placing students in courses, in making scholarship awards, and in counseling.

Reports On Clothing

Teddy Bauer, whose stage name is Storny Angel, a resident of the 1200 block of Eastward, read, reported this week that she has not yet learned whether \$150 worth of clothing which burned in a laundry dryer will be replaced. Her costumes were destroyed but she was able to borrow apparel for St. Louis night club appearances.

Two Arrested, One Arrested Again Later

Arthur Craig, 40, Collinsville, and Carl Stubbfield, 42, 604 Lake Drive, Ponton Beach, were arrested by Granite City police at 12:10 a.m. Tuesday at 19th street and Cleveland Blvd. on charges of being drunk and creating a disturbance. They were released on \$32 cash bail each pending a hearing Aug. 3.

Stubbfield was arrested again at 1:50 p.m. Tuesday by Ponton Beach Marshal Douglas Harvey. He pleaded guilty to a charge of aggravated assault and received a suspended six-month sentence in the county jail from Police Magistrate Gasparovic who handled the case for the village. Bond was set at \$114 cash or \$500 property pending disposition of the case.

Parents Of Son

Mr. and Mrs. Lloyd Stubbfield, 1306 Kirkpatrick Homes, are parents of a son born Tuesday at St. Elizabeth Hospital. The infant weighed 10 pounds, four ounces, and has been named Earl Dallas. He has a sister, Maxine, five, and a brother, Jerry, four years old. Mrs. Stubbfield is the former Glenda Dacus.

Management Audit

Growth Of American Steel Into AMSTED Is Outlined

AMSTED Industries, parent company of American Steel Foundries, has been cited in management audit published by the American Institute of Management, for its diversified growth and methods of operation.

"AMSTED possesses all the prerequisites for unusual growth and superior achievement during the next decade or so," the report said.

In a side note, Jackson Mandell, chairman of the AIM board, remarked that "although many boards of directors have had to elect new presidents or chief executive officers in the last decade, few, in our judgment, have made more outstanding choices than E. I. Du Pont de Nemours, Standard Oil of Indiana, Minnesota Mining and Manufacturing and AMSTED Industries."

Changes in operations since 1956 have improved the company's standing in six of 10 management audit categories, and the firm remained stable in the other four, according to the report.

Although referring to it as a company whose excellence is still not widely known, the audit adds that "AMSTED Industries can now properly be considered a growth company with an important but declining share of its sales still coming from the railroad industry."

In March 1956, AMSTED common stock sold at \$20 (adjusted); on June 21, 1953, it closed at 38 1/2, a favorable rise for this period.

Because of diversification measures since 1953, AMSTED has a solid footing in several non-railway fields that promise growth, the audit reports. A year ago, it adopted its new name to reflect this diversification.

Highlights of the program since 1950 were its acquisition of

Diamond Chain Co. in 1950, establishment of a Canadian steel foundry subsidiary in 1952, purchase of Pipe Line Service Corp. in 1953 and South Bend Lathe in 1959.

In 1960, the management, headed by J. B. Lanterman, AMSTED president, converted an old plant, remaking cast iron pipe and merged it in 1962 with What Cheer Clay Products Co., acquired in 1961, and R. D. Wood Co., a cast iron pipe manufacturer acquired in 1962, to form the Griffin Pipe Products Co.

The Concrete Clay Products Co., manufacturer of clay sewer pipe, was bought and added to this subsidiary in 1963. AMSTED also bought a 60% interest in a German roller-chain manufacturer, Amsted-Kette GmbH, in 1962.

Non-railway products, which before accounted for 10 to 20% of annual sales, now account for about half. Last year, sales of railroad equipment for new cars totaled \$26 million, or 21%, and for replacements, \$40.2 million, or 32%.

In sales of non-railway products, machine tools, hydraulic machinery and roller chains accounted for \$22.7 million, or 18%; pipe and pipe-wrapping coating, \$26.8 million, 21%; and industrial castings and forgings, \$9 million, or 7%.

Thomson's spectacular increase in non-railway sales, according to the audit report, has been in the pipe field, serving the water and waste transmission industries, and in the pipe-coating field, serving the oil and gas industries.

AMSTED has not neglected the railroad industry in broadening its sales base, the audit notes. The sales base, the audit notes, the outlook for new equipment purchases is usually excellent, but sales of steel wheels for replacement and repair of existing

equipment have remained stable.

In 1962, replacement orders accounted for more than 60% of the company's railway sales.

In addition to improving many of its other railway products, AMSTED has perfected a new type of new products needed for higher capacity equipment, the points out. These include a premium four-wheel truck which gives maximum protection to the car and its load, six-wheel trucks for cars of over 100 tons capacity, and novel freight car brakes that compensate for loads of different weights.

Corporate Structure

AMSTED's corporate structure includes principal subsidiaries which operate 27 plants in 18 states and Canada, direct from a compact headquarters in Chicago.

Each subsidiary head reports through a corporate vice-president, one of whom is C. E. Grigsby, president of American Steel Foundries Inc., and gets help in such matters as finance, accounting, law, personnel, public relations and advertising from the staff at Chicago.

Each major subsidiary has its own president and board, creating more opportunities to develop and retain talent. The parent becomes a kind of holding company. The audit report shows that the corporate structure is well adapted for future growth and can absorb additional components.

Sales in the last five years have fluctuated less widely than in the previous five years. Sales volume so far in fiscal 1963 has continued at the record levels of 1962, the report states, and earnings should match those of last year.

But a rise in rail equipment business is important for this goal to be realized, the audit stresses, and leading economic indicators show that orders may continue at record levels during the balance of 1963, barring a major railroad strike.

Company Sales

The company's sales in 1950 totaled \$54,401,000, with net income at \$5,719,000; in 1956, \$117,130,000, with net income of \$8,371,000; and last year, \$125,717,000, with net income of \$12,020,000.

Estimated for 1963 are sales of \$135,000,000, with a net income of \$7 million; and for 1970 \$200,000,000 in sales and a net income of \$12 million.

From the stockholder's viewpoint, the company has paid regular dividends for the past 20 years. Its present 40-cent quarterly dividend, maintained for the past 14 quarters, replaced a \$1.00 quarterly dividend in 1957 and split its shares two-for-one in 1958.

Since 1937, when its preferred shares were retired, AMSTED's shares have been in constant demand by its only security. It closed at 38 1/2 on June 21, about 15 times 1962 earnings, to yield 4.2%. The firm retired its only long-term debt (\$2 million borrowed in 1953 by its Canadian subsidiary) in 1960. All but one of the post-war acquisitions was bought for cash.

Research Leadership

AMSTED owes its leadership in railway component manufacturing to research, the audit notes. It has been engaged in research almost alone in its industry and has seen product after product developed and marketed.

In 1956, the company was spending a little less than 2% of each sales dollar for research, now increased to nearly 3%, or about \$3 million per year. The ASF subsidiary maintains a product development laboratory at the Southwestern Bell company test facility, and its unique mobile service laboratory (test train), both part of the transportation division, were responsible for recent revolutionary developments in four-wheel trucks, six-wheel trucks and freight car brakes.

ASF's metallurgical research facility, the manufacturing research laboratory, developed the AMER-SHELL process, the audit notes, describing it as particularly significant in applying new molding techniques to large castings.

The "fifth wheels" that connect highway trucks and their trailers are typical of these. This laboratory is now employing much research to determine additional product possibilities for manufacture by its process.

AMSTED's 12-member directorate is comprised of five company officers and seven executives of other organizations, which gives the board strong outside representation. Most of the directors are young men; the inside directors average 50 years old, and outside directors 54.

As a group they hold 18,724 shares of the company's stock, slightly over half of one per cent of the total outstanding. Most of this is held by officers and directors as a result of the company's stock-option plan. Outside directors have only nominal holdings.

AMSTED's improved production efficiency results principally from the modernization program begun a decade ago. The audit points out. Of 27 plants, nine were built and 12 others acquired during the decade. Several of the original have been thoroughly modernized.

Gross plant additions have averaged over \$8 million a year during the last five years. This fiscal year, the company will spend more than \$15 million on plant, including a 1963 acquisition.

70% United Steelworkers

More than 70% of AMSTED's unionized employees are members of the United Steelworkers and the audit says management has compiled an excellent record in its labor relations. Over the past decade, the only significant work stoppage occurred in 1959 in Canada. Labor agreements are generally negotiated at the division level.

While hourly pay rates have risen steadily, up over 75% since 1950, improved production efficiency has substantially offset the impact of labor costs. Despite more rigid specifications and tolerances mandatory today, the audit said.

Products are marketed either directly to users or through independent distributors. Major railway equipment is sold directly through company sales offices.

In its rail products, AMSTED's sales vigor can be best seen in the continued high demand for its products and the rising dollar volume, the audit showed.

AMSTED will need an increasing supply of able executives, the report continues, and the need will become more acute as present officers, many of whom are of the same general age group, approach retirement. Later, the present management is conscious of developing a regular progression of executives ready for promotion to higher levels, the report states, and their arrangements seem well designed to assure this.

Larris Infant Dies At Hospital Tuesday

Vernon Roe Harris Jr., son of Mr. and Mrs. Vernon Roe Harris, 4204 Kirkpatrick Homes, died at 9 p.m. Tuesday at St. Elizabeth Hospital. The premature infant was born there at 3 p.m., the same day. The birth was Caesarian and the mother was in good condition at the hospital.

In addition to his parents, the child is survived by a sister, Cynthia, four years old; his paternal grandparents, Mr. and Mrs. R. H. Harris of Granite City; and his maternal grandparents, Mr. and Mrs. Olen Hinchliff, Granite City.

Services were held this morning at a Granite City funeral home with burial at Sunset Hill cemetery. Arrangements are given in the obituary column.

WYA PLANS

FOR BANQUET
The Young Woman's Auxiliary of Second Baptist Church met Tuesday evening. Opening prayer was led by Barbara Grote. Title of the program was "Look, Look, the Cities." Prayer for missionaries was led by Evelyn Barnes.

The group decided to purchase a gift for Mrs. Norma Rains, who is in the hospital. Further plans for a banquet in September were discussed. Closing prayer was led by Sue Warmhoff.

Those attending were Judy Adams, Barbara Grote, Sue Warmhoff, Frances Wigger and Evelyn Barnes.

STUDY COMPLETED

World Friends Sunbeams of Second Baptist Church met Tuesday afternoon to complete a study of Ecuador. As the children arrived, they read books about Ecuador and South America. Bible story books also were enjoyed.

Each child made a picture of life in Ecuador by pasting toothpicks onto colored paper. A gift of pajamas was wrapped to be given to a boy in the hospital. A get-well card will be sent.

A circle was formed for prayer, led by Frances Welty. The study of Ecuador was reviewed, followed by group singing of "Jesus Loves Me" in Spanish.

Miss Evelyn Barnes, leader, told a story about Ecuador, and "parent night" and day camp were discussed. On parent night, the children will dress to represent different countries.

Closing prayer was by Miss Jean Anderson, assistant. Refreshments were served to Frances Welty, Johnny Wilson, Dean Olive, Cordell Burnett, Gary El-Janic, Janice Galle and a visitor, Marie Snider. Also present were Alice and Nancy LeGrand of Poplar Bluff, Mo., who are visiting Miss Barnes.

MEET ON ECUADOR

Peter Chen Primary Sunbeams of Second Baptist Church met Tuesday afternoon for another meeting on Ecuador. Mrs. Betty Lewis and Mrs. Beverly Crown led in making of picture maps of Ecuador, and time was spent discussing Sunbeam Focus Week and "parent night," which will take place in the second week of August.

Songs were sung and Mrs. Lewis led the group in practicing Spanish words and learning a Spanish song. Mrs. Crown told the story of a visit to the home of an Indian boy and girl of Ecuador. Chocolate and cocoa from Ecuador, and refreshments of this type were served to each one present.

Also served was a sweet drink made from cinnamon and brown sugar. This is a favorite of the children of Ecuador. Closing prayer was given by Gwen Olive and Mrs. Lewis.

Others present were Bradley and Phillip Fitzhugh, Denise and Julie Whitson, Gary and Gail Lewis, Debbie Davis and visitors, Cathy and Robin Decker, Debbie Casey and Cathy and Bruce Crown.

HAWAIIAN PARTY

Employees of Woolworth's were entertained at a Hawaiian luau party Sunday evening at the home of Mr. and Mrs. Lewis Leavright in Kirkwood. Mr. Leavright is manager of the local store.

The tables were decorated in a Hawaiian theme and a giant Japanese lantern illuminated the scene. Slides of Hawaii were shown by Mrs. Yvonne Stretz.

Those attending were Mesdames Betty Bringer, Carmen Grider, Ruth Ann Craig, Wigger, Barbara Dombroski, Mamie Hunter, Lila Link, Juanita Williams, Frances Peate, Irene Coyle, Joyce Hahn, Roberta Crook, Mona Timmons, Arlene Kesterson, Gerry Poacher, Elsie Jackson, Myrtle Poole, June Roddy, Mary Peters, Violet Miller, Frank Schaefer, Milt Monroe and assistant managers, Tom Baker and Hoehn.

Mrs. Leavright was assisted at the tables by Mrs. McCullough, LuAnn Leavright and Nancy Hoehn.

GA GROUPS MEET

Wolfe Wilson and Frances Dalz Junior GA's met at Second Baptist Church on Monday afternoon. Opening prayer was led by Mrs. Wigger. The group studied forward steps, and closing prayer was given by Kathy Farley.

Those present were Patricia Davis, Kathy Farley, Diane Olive, Ruth Galle, Connie Wigger, Nancy Newberry, Carol Newberry, Debbie Wilson, Connie Rose and Mrs. Wigger.

ATTENDING RA CAMP

Dr. Bill Richardson Crusader RA's of Second Baptist Church left Monday morning for RA camp in Pinckneyville, Ill. They will return to Granite City today. Taking the trip with them were Bob Lewis, the counselor, and Ken Hart, a Pioneer RA of the church.

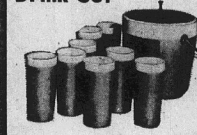

Those who went were Danny Penrod, Steve Kraus, Michael and Gregory Lewis and Bertis Storey Jr. of the Carmel Children's Home.

avenue; Pvt. Thomas M. Yates, 2231a Grand avenue; and Pvt. Richard Kacera, 2256 Iowa street.

During their two weeks at the Virginia Army post, the reservists are being given practical experience in operation of military trains as well as maintenance and repair work on steam and diesel locomotives, freight and passenger cars, and track, signals and bridges.

The reserve unit will return here Saturday July 27, by plane, arriving at Lambert Municipal Airport. Fort Eustis is the site of the Army's Transportation School.

GC, Bi-State School Bus Contract Delayed

Signing of a contract for school bus transportation with the Bi-State Transit System was deferred by the Granite City school board Tuesday night until more details are clarified.

The board this spring tentatively approved a contract with Bi-State calling for an 11% cut in the cost of transporting pupils to schools—a reduction from \$113,920 charged by the Community Coach Co. to \$101,460. Community Coach was one of the firms purchased by the new transit system.

Maurice Dailey, school attorney, said some figures are still missing in the contract draft and the agency is making a route

analysis which may result in some minor cost variations.

There also are variables in the contract, Dailey said, including emergencies. As an example he said, if school is dismissed early and Bi-State is put to additional cost, the added cost to the school district would be no more than the added cost to the agency.

Dailey and Dr. Harold M. Kaiser, superintendent, are to arrange another conference with the transit officials.

Though a general cut is represented in the contract, the transportation fund budget adopted tentatively Tuesday night called for an increase from \$120,231 to \$130,000. It was explained that costs of other school trips by other transportation firms have not yet been determined.

Complaints of occasional overcrowding of school buses were discussed. Dailey said the weather condition often is the determining factor, since on nice days fewer students choose to ride the bus than during inclement or exceedingly cold weather. It is impossible to estimate the number of students that will ride a bus on a given day, he noted.

Use of more than one bus on route could be an expensive waste, if it is not needed, he added. Dr. Kaiser and Dailey noted that the state police are vigilant in assuring that buses are not overcrowded.

A narrow-minded person's train of thought is a limited expense.

Citizens' Plan Group Will Meet On Zoning

A luncheon meeting of the Madison County Citizens Planning Committee has been called for 12:15 p.m., Thursday, Aug. 1, to decide on a course of action to oppose the county zoning repeal effort. Location of the meeting will be Rusty's restaurant, Edwardsville.

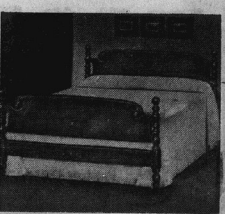

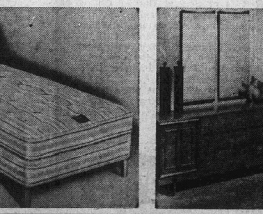

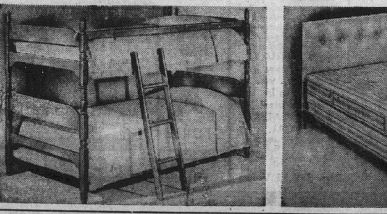

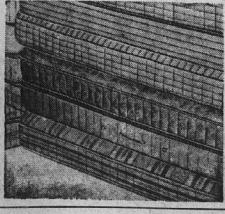

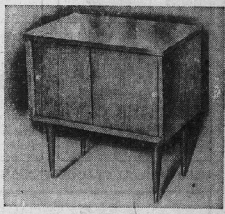

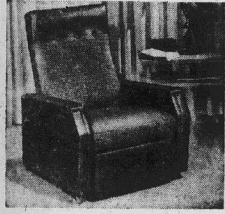

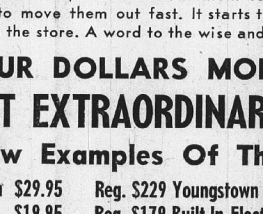

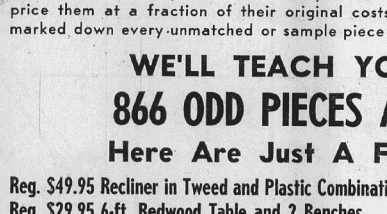

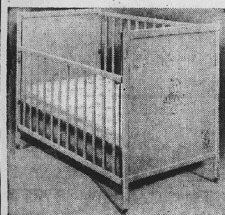

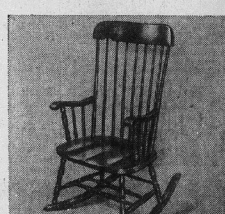

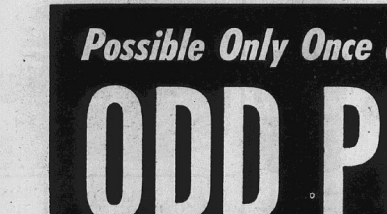

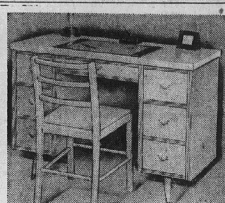

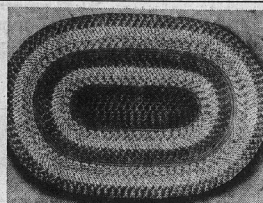

The County Board of Supervisors will vote on an ordinance

to repeal county zoning at the Wednesday, Aug. 14, meeting. President Mathew L. Welch has advised members of the County Planning Committee.

"From all indications, a simple majority of the supervisors present is all that is needed to repeal this important measure. Do give this matter some thought and bring your ideas to the meeting," he suggested.

Shower For Twins To Be Wed In Double Ceremony

Misses Judy and Joyce Evans, twin daughters of Mr. and Mrs. Charles F. Evans, 213 Epiarciff, who will be married Aug. 17 in a double ceremony, shared honors this week at a pre-wedding party and shower given by Mrs. Donna Kessler, Mrs. Donna Jenks, Miss Mary Lewis and Miss Judy Pfaff at the YMCA.

Miss Judy Evans will become the bride of Kenneth Goodner, and her sister will be married to Ronald Felchlin. The double wedding will be solemnized at the Nameoki Presbyterian Church.

The YMCA was appropriately decorated with apricot and white, the colors to be used at the wedding.

Games provided entertainment for the 45 guests attending, and refreshments were served by the hostesses. Among the out-of-town people present were Mrs. K. Goodner of Evanson, Ind., and Miss Jo Ann Collins and Mrs. Marlene Johnson of St. Louis.

The bride-to-be are both employed in the offices of the Malinckrodt Chemical Works, St. Louis, where Mr. Goodner works in the research laboratory. He is originally from Oklahoma City and attended Rice University in Houston, Tex.

Mr. Felchlin, a student at the Alton Residence Center of Southwestern Illinois University, is a son of Mr. and Mrs. Tilford Felchlin, 2024 Manley avenue.

PARTY FOR JOLLY TWELVE CARD CLUB

The Jolly Twelve club met Wednesday with Mrs. Camille Dame, 3136 Aubrey avenue.

A noon luncheon was served to eight, and prizes in the games were won by Mrs. C. W. Grand, the hostess, Mrs. Myrtle Ryan, Mrs. Jenn Barnes and Mrs. Stanley Green.

The group will meet again in two weeks with Mrs. Ryan, 2528 Shortland avenue.

VISITS PARENTS

Mr. and Mrs. E. K. Mueller and children, Steven, Kevin and James, of Houston, Tex., were here early this week for a short visit with the former's parents, Mr. and Mrs. A. J. Mueller sr., before going on to Bloomington, Ill., to visit Mrs. Mueller's parents. They plan to return to Granite City over the weekend and will later spend some time in Michigan.

"I don't care how it stops them, get it off the floor."

Not a bad idea for a customer stopper! However, we don't use glue or magnets to stop our customers in their tracks, just good values. We have seen many a customer freeze in their tracks when passing our features and really we wish they would stop being so awed at our prices! It keeps our managers so busy bringing these people out of their trance. Just harden yourself to the fact that Tri-City Groc. Co. has ridiculously low prices, but if you must freeze when seeing them, please have the name and address of your nearest kin handy.

MOTHERS' CLUB PLANS SWIM MEET

Members of the Paddlers Mothers' club held a meeting Monday evening at the pool to plan for transportation to a swimming meet to be held at Marion, Ill., Friday and Saturday.

Arrangements were made to drive the divers there on Friday, and Mrs. Valerie Evenden is to make arrangements for a bus to take the swimmers on Saturday. The bus will leave the pool at 6:15 a.m. Saturday.

Those present were Mesdames Mary and Melba Tarpoft, Edith McGee, Doris Thompson, Adele Zahn, Shirley Thompson, Donna

Hogan, Betty Bickhaus, Joyce Miller and Mary Earls.

In other Paddlers pool business, it has been decided that no further stock transfers among individuals will be approved. All stock must be offered to the pool for re-sale, rather than directly to families. At present, no stock is available and a waiting list is being maintained.

The swimming team has won its initial meets. A lifesaving course began at the pool this week, with George Monken of the YMCA as instructor, and a "teenage night" has been set for Aug. 3, when each member may bring a guest. The age limits that night will be 13 to 19. An "adult night" is to be scheduled for later the same month.

GO TO CHURCH SUNDAY

EIGHTH BIRTHDAY OF HELEN GYARMATI

Fire Capt. and Mrs. John Gyarmati, 58 Riviera drive, entertained with a lawn party Tuesday afternoon in honor of their daughter, Helen Sylvia, on her eighth birthday. They were assisted by Mrs. Mary Mennerick, Miss Sally Hunter and Mrs. Emma Jakich, who also took movies of the party.

Games with a birthday theme were played, and the prize-winners were Melanie King, Carol Frey, Bonnie Brown and Regina Mennerick.

After the young guest of honor opened her gifts, refreshments of ice cream and cake were served by the hosts. Straw hats were given to each guest as well as favors of mints fashioned with lace and ribbon. Other guests present included Annette Favier, Catherine Morris, Catherine Gieseking, Mary Ellen Barth, Phil Lambert, Beverly Henkhaus, Debbie Hen-

haus, Rene Bailey, Mary Ann and Susan Bury, Cheryl Schaus, Beth Ann Melsky, Jean Ann Smith, Patty Scaturro, Christina and Stefanie Roth, Janet Jakich and June Williams.

JOHNS FAMILY HOME FROM VACATION

Following a vacation trip to Ohio and Michigan for the past 12 days, Mr. and Mrs. Stanley Johns and children, Douglas and Jeanne Beth, of No. 3 Nassau drive returned home late Tuesday evening. They were the guests of John's brother-in-law and sister, Mr. and Mrs. James J. Moran of Toledo, O.

While in Lincoln Park, Mich., they visited Mrs. John's mother, Mrs. Lillian J. Aaron, and a brother-in-law and sister, Mr. and Mrs. John R. Strasser and family. They were also the guests of Mr. and Mrs. Jack Johns of Lincoln Park, a brother and sister-in-law of John's.

BROCKMEIER INFANT CHRISTENED

Mr. and Mrs. E. L. Brockmeier of Downer Grove, Ill., had their infant son, Karl Edward, christened Sunday at St. Peter Evangelical and Reformed Church, 21st street and Cleveland blvd., during the 11 o'clock services, with Rev. Robert Baumann officiating. Sponsors were Mrs. Max Merz Jr., an aunt, and Jip Mize Jr., a nephew.

Following the services, a dinner was given at the Rose Bowl by the Brockmeiers. Those attending included Mr. and Mrs. W. C. A. Johnson, grandparents of Mrs. Brockmeier, Mr. and Mrs. Max Merz Jr. and children, Max III and Laura Sue, Mr. and Mrs. William Heffern, great-uncle and aunt, and Mr. and Mrs. Jim Miget and children Randy, Chris and Dan of St. Louis.

Mrs. Brockmeier, a former local resident, was Miss Lois Johnson before her marriage.

SORORITY HOLDS "CHILDREN'S DAY"

Members of Iota Psi, Beta Sigma Phi, and their children, enjoyed a day touring Grant's Farm in St. Louis county Tuesday.

Those attending were Mrs. Janet Davis and children, Mark and Karen, Mrs. Marty Herman and daughter, Deborah, Mrs. Jackie Harshbarger and children, Ron, Tamara and Betty, Mrs. Jo Ann Mackes and children, Carla and Jo Elaine, Mrs. Carol Merz and children, Max Jr. and Laura, Mrs. Sally Stegelmeier and Mrs. Pat Winters and children, Lori and Jeffrey.

American Steel Parent Firm Has Record Quarter

AMSTED Industries this week reported net income for the quarter ended June 30, 1963, set an all-time record for any quarter in the company's history. Net income was \$2,917,180, equal to \$1.05 a share, up 14% from \$2,555,119 or 91 cents a share a year ago. It topped by 5% the previous record of \$2,773,234 set in the quarter ended June 30, 1959.

Sales in the quarter ended June 30, 1963, increased to \$42,122,455 from \$37,864,050 a year ago.

Joseph B. Lanterman, president, noted that the company's results have improved from quarter to quarter this year. Earnings increased from \$857,202, or 31 cents per share, in the quarter ended Dec. 31, 1962, to \$1,171,149, or 42 cents per share, in the quarter ended March 31, 1963.

Pipe, Car Parts, Tools. Net income in the nine months ended June 30, 1963, was \$4,945,531, or \$1.78 a share, compared with \$5,483,575, or \$1.95 a share, a year ago. Sales totaled \$103,426,578, compared with \$93,981,826 a year earlier. Greatest increases were in cast iron and clay pipe, component parts for new freight cars, and small machine tools.

The president said operations in the quarter ending Sept. 30 will be adversely affected by vacation shutdowns. He added that while earnings in the September quarter "will be lower than in the quarter just ended, they are expected to increase from the corresponding period last year."

Lanterman said expenditures for plant and equipment were \$10,800,000 in the first nine months of the 1963 fiscal year. This includes the fixed assets of Conoco-Clay Products Co., acquired in January. Total spending for plant and equipment in 1963 will amount to about \$15,000,000, up from slightly more than \$6,000,000 in fiscal 1962.

New Licenses For Process. Lanterman also announced the company has licensed Youngstown Sheet and Tube Co. and Sharon Steel Corp. to use AMSTED's controlled pressure pouring process for the direct casting of semi-finished steel mill shapes. This brings the number of licensees to 10.

During the quarter, the first commercial installation using the process was placed in operation at Eastern Stainless Steel Corp., Washington Steel Corp., and United States Steel Corp., two other licensees, also have announced plans for commercial pressure pouring installations.

Washington Steel will have a unit in operation in September, and U. S. Steel has announced it will install a commercial unit at its South Works.

Controlled pressure pouring is AMSTED's patented method of producing metal shapes by forcing molten metal up from a sealed chamber into graphite molds.

Applying the process to the production of semi-finished steel mill products would eliminate such currently common steel-making steps as ingot casting, soaking pits, initial rolling mill steps and certain surface conditioning.

Lanterman said, adding that it also provides higher yield. At the board of directors' meeting Tuesday, a dividend of 40 cents per share was declared payable Sept. 13 to stockholders of record as of the close of business on Aug. 20.

Brakes Fail On Boat Ramp, Car Enters Lake. An auto was badly damaged at 1 p.m. yesterday when it rolled backward into Horseshoe Lake from a concrete ramp near Highway 162. It settled into mud at a point where the water was four or five feet deep, and was flooded nearly to the top of its windows.

Mrs. Dorothy Meyerhoff, 1605 Courtney blvd., had been driving the car and left the emergency brakes on when she got out to check progress of efforts by her husband, James Meyerhoff, to launch the 14-foot aluminum boat, powered by a 30-horsepower outboard motor.

Gwyne Hughes Stricken Suddenly At Work, Dies

Gwyne B. Hughes, 59, a life-long resident of Granite City, was pronounced dead on arrival at St. Elizabeth Hospital at 2 p.m. Monday after suffering a heart attack at General Steel Industries, where he was employed as a machinist's helper. He had no previous indication of a coronary ailment.

Born in Granite City, Mr. Hughes resided at 1804 Courtenay blvd. He was employed at General Steel Industries for 23 years, and previously worked for Granite City Steel Co. for 10 years.

Mr. Hughes is survived by his wife, Lorraine, one daughter, Mrs. Earl (Shirley) Montgomery of Pontoon Beach; one son, Richard, of Oakland, Calif.; two brothers, Dan Hughes of St. Louis and Hainley Hughes of Pong, Ill.; one sister, Mrs. William (Elizabeth) Davis, of Granite City; and two grandchildren.

Services were conducted at 1 p.m. today at a Granite City funeral home. Arrangements are given in the obituary column.

Two Charges Filed

John P. Stewart, 19, of 2815 Lincoln avenue was charged with speeding 60 miles an hour in a 30-mile zone on 23rd street and with having an improper muffler at 6:20 p.m. Tuesday.

MARINE CORPS LEAGUE CHARTER is presented to Ted Barr (second from left), commandant of the new Quad-City Marine Corps League detachment, by Peter Cates (third from left), Department of Illinois commandant for the Marine Corps veterans' organization. Looking on are (left) Fourth District Commandant Carl Quayle of East St. Louis and (right) Carl Martin of Collinsville, retiring 4th district commandant. The Quad-City chapter has 15 chartered members, and room for others. The group meets on the second and fourth Mondays of each month at the VFW Hall, 21st street and Washington avenue.

2 County Zoning Hearings Aug. 9

The County Zoning Board of Appeals announced today that it will hold two public hearings Friday, Aug. 9, at local sites where zoning changes have been sought. At 11:15 a.m., the board will meet at 2673 Highway 67, north of Granite City, where Terry W. Francis, representing Billy Gene Thresher, owner, has asked for a change from R-3 (one-family residence) to B-3 (highway business). It is in vicinity of the intersection of Interstate 270 and Federal Aid Route 151, a quarter-mile east of the Chain of Rocks Canal bridge, the board will consider changing Chouteau township property of Myrtle Landwehr, meler from M-1 (limited manufacturing) to B-3 (highway business).

Levee District Okays Sewage Treatment Rates

Rates for users of a sewage treatment plant to be built in Centerville township were approved Wednesday by the East Side Levee and Sanitary District board at a special meeting. The rates will range from \$115 to \$100 a month.

The amounts vary from the low rate for single-family domestic, and other accounts using less than 7500 gallons a month, to accounts using 1,125,000 or more gallons a month.

The levee board is expected to approve a \$625,000 revenue bond ordinance to finance construction of the pollution abatement plant in Cahokia by Sept. 1. Total cost of the project is listed as \$826,300.

Transit Exemption From ICC Is Sought

A bill introduced yesterday by all Illinois and Missouri U. S. senators and Tuesday by Com. Melvin Price would permanently exempt the Bi-State Transit System from regulation by the Interstate Commerce Commission.

It is temporarily exempt at present. All but 5% of the revenue comes from transportation routes within states rather than through interstate commerce.

The exemption would provide the system with needed flexibility, the sponsor said. The transit operation is an activity of the Bi-State Development Agency.

The state emblem of Utah is a beehive.

MARY ANN DOMITROVICH
1627 Maple Street
TR. 7-0801

Sgt. Frank A. Melton has returned to spend a 30-day furlough with his wife, Mary, and children, James and Richard Melton, 1608 Spruce street.

Sgt. Melton has just returned from Europe, having been stationed in Germany. After his visit here, he will be reassigned to Texas.

HOME FROM OZARKS

Mr. and Mrs. Marvin Mochle and children, Marvane and Marvin Jr., 1708 Maple street, returned home Sunday morning after spending four days at Oase Beach in the Ozarks. They spent the time swimming and relaxing. They resided at a resort.

A \$2000 surety bond was approved for Oliver and Thelma Jacobmeyer, who are resuming operation of Jacobmeyer's tavern on Edwards street.

Highway Maintenance

It was decided to enter into an agreement with the Illinois highway division, under which the city will maintain state highways through the city for \$2231 during the July 1963-June 1964 year. The agreement was delayed previously to determine whether a larger payment could be obtained.

Payment of city salaries totaling \$33,411 for the last half of July was authorized.

Three bills submitted by City Engineer David J. Johnston were paid after an explanation by his assistant, Al Pearson. The amounts are \$2400 at 8 1/2% of the cost of partial work done on improvement of State street; \$2000 at 10% of partial work on West 22nd street; and \$600 at 10% of partial work on Leyden avenue.

Other bills paid included \$2891 to Atlas Sales Co. for a label maker, two rolls of tape and 11 steel shelving units with seven shelves, 36x75x12 inches; \$123 to the Bonnie Manufacturing Co. for 55 gallons of children's 20% oil emulsion used by the

sanitation department; \$200 to the Kamaholeki for weed cutting on six days; and \$156 to Reeves Concrete Co. for 10% cubic yards of concrete used by the street department and \$32 to Reeves for two cubic yards of concrete for the fire department.

Aldermen receiving expense reimbursements were Steve A. Basarich, \$30 July expenses for car, tires, gasoline, telephone and miscellaneous; Joseph J. Bergfield, \$30 July expenses; Ford Johnson, \$30 July expenses; Walter Norn, \$30 July gasoline, oil, telephone, grease job and incidentals; Casmer Skubish, \$30 July expenses; Samuel Whitmer, \$30 July expenses; and Charles W. Moerlen, \$30 June expenses.

Last night, the council authorized City Comptroller Doehner to bid on six tables being sold by the Granite City post office. Informally agreed to pay regular laborer hourly wages to a second weed cutter hired for two weeks only to trim weeds around parking meters; and heard a suggestion by Alderman Edmund Bartusik that owners of property where the city has cut weeds be forced to pay the city for the work.

Final Divorce Decree

A final divorce decree has been submitted in the city court of Judge Fred P. Schuman. Barbara Montine, who filed a counter claim to a divorce suit brought by her former husband, Paul Montine, was granted a divorce on the grounds of cruelty, by the clerk of the city court said. The couple married Dec. 21, 1961, and separated last February. Custody of one minor child was granted to the plaintiff.

clerks; bailiffs; masters in chancery; probation officers and jury personnel.

Law enforcement personnel, including state's attorneys, public defenders, sheriffs and local police, will be indirectly affected, as will lawyers in civil and criminal cases.

Further local meetings regarding changes under the new system will be held this fall.

"The changeover could result in considerable turmoil and confusion for two or three years — or it could result in a smooth and fairly expeditious transition to the finest trial court system in America," Judge Monroe said. "It is a challenge to us all, and on behalf of my colleagues on the court, I respectfully ask for the cooperation of everyone concerned."

Boy's Dog Betrays Him In Burglary

A "man's best friend" betrayed his young master early yesterday, though unknowingly.

The pooch had his paws up against the door of Brock's service station, 12th street and Edwardsville road, and was looking through the window when a Granite City police patrol car drove by at 1 a.m.

The scene was somewhat unusual and decided to take a closer look. They found an open window in the station and discovered a 13-year-old boy hiding below on cash register behind a counter.

His dog apparently had been curious. The lad was taken to the police station, was returned to his parents and was ordered to come back during the day for a talk with the chief of police and Coordinated Youth Services staff.

Job's Daughters To Visit Opera

Bethel 43, International Order of Job's Daughters, met Tuesday evening with Miss Linda Teller, honored guest, presiding.

Final plans were made by the girls for a trip to the Municipal Opera Tuesday, July 30, to see "The King and I." A chartered bus will leave the Masonic Temple at 6 p.m. and the girls and their chaperons will be taken on a tour backstage before the performance. Forty-two are planning to attend.

Past honored guests were escorted and introduced, as were guardian executive and associate council members.

The librarian's report by Diane French was "The People With a Purpose in Life." There were also remarks by Mrs. Nell Baskette, Bethel guardian, and Dr. E. H. Theis, associate guardian.

The meeting adjourned at 8:30 and refreshments were served in the dining room from tables decorated in pastel colors.

"Royalty night" will be observed at the next meeting with queens and senior and junior princesses from Bethels in the surrounding area filling the various stations.

THE HIGH ROAD

L. W. PRENTISS

"Get the farmer out of the mud" was the battle cry of the highway program in the 1920's and 1930's. In the early days of the automobile age, a paved road outside of the limits of a city or incorporated town was rare enough to be a curiosity.

Today, almost 70 percent of the 3,127,225 miles of rural roads in the United States have some kind of surfacing. A substantial amount of the remaining non-surfaced road mileage is so little traveled that paving is not justified; nevertheless, much remains to be done before we can claim a complete all-weather road system in the United States.

Nowadays, however, "getting the farmer out of the mud" is one among many objectives of the national highway program. The automobile and the truck have become such an integral part of American life that good highway transportation is essential to the success of almost every activity. In dustries, schools, churches and shopping centers share the farmer's vital concern with the highway program. Commuters get stuck in urban traffic jams more often than farmers get stuck in the mud.

The essentiality of highway transportation to the national economy and the national defense is reflected in the Federal-

aid highway program, which has assisted the States in the improvement of their highway networks since 1916.

Federal-aid expenditures for highways, increasing in line with the increase in highway travel, now approximate \$3 billion per year, all of which is collected by means of special taxes on highway users, chiefly the 4-cent-per-gallon Federal tax on gasoline.

These special tax receipts are allocated by Congress to four categories of Federal-aid highway expenditures: (1) aid to the State primary or trunk-line highways, (2) aid to farm-to-market roads, (3) aid for the improvement of city arterial streets and expressways and (4) aid in the construction of the \$1,000-mile National System of Interstate and Defense Highways, the new system of coast-to-coast interconnected expressways designed to meet our defense needs and to serve as the backbone for our total highway network. The Federal government must pay 80% of the construction cost of the Interstate highways and 50% on other Federal-aid highways.

State, local and Federal officials are all working together to coordinate their highway construction activities, recognizing that the roads are economic and social lifelines which are the key to better living for all of us.

Tourism Is Growing Up

By JOHN W. ALLEN,
Southern Illinois University

Many persons in southern Illinois have toyed with the idea expressed in the word "tourism," now gaining in use. Heretofore it has been mostly taken in the included expressions like "You should see—Have you seen—Ever been to—?" and ended in vagueness.

The tourist—and a native becomes a tourist when he goes sightseeing—found little to direct him to the place he sought and little to help him enjoy the place should he reach it. Maps were insufficient. Roads lacked guiding signs.

Having reached his goal, after a few false turns and futile inquiries, the tourist found little that helped. If he did not know the local story, and had no places are impressive without their stories, the visitor frequently experienced a letdown.

It often was difficult to find a suitable parking place. Food, campfires for those who wished to pitch tents or park trailers, and an overnight stay, along with other necessary conveniences, were crude and in short supply. Too often, there was not all an unkept air.

Improvement Noted
Two recent visits to the Pounds Hollow recreational area in the Shawnee National Forest have aroused high hopes that a definite improvement program is underway.

Pounds Hollow area is on the north side of the Kankakee River, about 12 miles north of Cave-in-Rock. It is easy to find and, having arrived there, it is easy to see, having tastefully-designed but unobtrusive markers for the visitor's guidance.

The lake, with its rocky wooded shores, picnic grounds and bathing beach, cannot be missed. There is the dock, where rowboats may be had, with thankfulness that no roaring outboard motors are going to shatter the natural quiet.

Those who have known the Pounds for many years will find several late arrangements to place them. Among these is a campground with 75 sites for tents or trailers. Each site has its own cooking grill. Trash cans and clean comfort stations are near at hand. Plans to have ample water are underway.

Pine Forest
These gravelled, uncrowded plots are in a delightful young forest, mostly pine. The writer has known the delights of camping in the pine forests of Maine and is readying camp gear for a few days among the young pines, about 40 feet high, at Pounds Hollow.

Another pleasing feature at the Pounds is a cluster of eight double-sized tables, each with its individual grill mounted on posts so the user does not have to stoop. These picnic tables are at the beginning of the trails that lead past the fallen stone wall to Indians left and along the brink of the cliff that borders the narrow valley.

These trails have been laid out as easy as the surface will allow. Even those who have slowed down can leisurely wander along them, pausing at the frequently-spaced, comfortable benches to sit and rest, always facing toward some pleasing view.

Signs Along Foot Trails
An interesting feature along the foot trails is an array of signs to tell the stroller about the area. Some of these help by giving the common names of flowers, shrubs and trees. One such sign points to poison ivy and carries the advice, "If leaves be three, let it be." It leaves be three, let it be.

Another identifies the slippery elm, even giving its Indian name. This one reminded the writer of a youthful argument with his botany teacher, who insisted that there was no such distinct tree. The rash youth won the argument but didn't add much to his grade.

Other markers identify the lowly persimmon, winged elm, tulip, oak, walnut and white ash tree.

These labels also carry information for the curious. We are told that the fruit of the persimmon is relished by practically all woodland animals, even by boys. They tell of the use of slippery elm, and that tea from sassafras roots was considered a great spring tonic.

Sassafras Aroma
At one place there is a "sniff box" whose lid one may raise to enjoy the faint odor of the sassafras fastened in the box.

At the trail's beginning, a prominent marker points to the three millionth pine tree planted in the program sponsored by the Illinois Federation of Women's Clubs, under whose encouragement this significant reforestation project was carried forward.

There are maps along the trail to indicate points of interest and on each is a "you are here" marking that enables the visitor to know where he is.

A sign points the way to "Fat Man's Misery" and down a safe stairway in the crevices in the cliff to "Ox Lot Shelter," where early lumbermen kept their cattle to haul logs to the narrow gauge railroad that led to the sawmill on Saline River.

Chart Of Rock Formations
Where the stairway starts down there is a geological chart that helps to an understanding of the rock formations. At the bottom one finds the ox lot occupied by a picnic table and a cooking grill. There are ferns and beech trees with old, old initials carved on them. The oldest date found was '08.

Pounds Hollow has become more attractive since its improvement program has gotten well underway.

Interest was added by visiting there and hearing two old gentlemen, Mr. Scott, past 90, and Mr. Tucker, well in his 80s, tell of visits there a long lifetime ago. An old lady told of how her mother prepared food for the sawmill helpers and of how it was taken on a flat car over the little railway to the men at noon.

One is left with many questions. Why did the Indians carry rock from the creek bed to build walls on top of the bluff? Does the detached heap of stones on the bluff mark an Indian burial site?

Where is the outcropping of rock from which pioneer boys got material for their slate pencils? Are the berry-bearing bushes on top of the bluff those of the "sawyer" berry? Where can one find a more restful spot than the upper length of Pounds Hollow?

Several Kiwanians at the meeting discussed plans to attend the annual District Sports Day, which is being held today at the Lockhaven Country Club near Alton. Kiwanians from clubs throughout Madison and St. Clair counties will participate in golf and swimming during the afternoon and evening.

Granite City In

Maine Summer Classes
Enrollment for the summer session at the Orono and Portland campuses of the University of Maine has now reached approximately 338, including Do-
lores J. Harper, Granite City.
About 1283 students enrolled for the first three-week session and another 2105 enrolled for the six-week term now in progress. The grand total will be increased further when additional students enroll for the final three-week session on Aug. 19.

Dennis Floyd Trained

As Records Specialist

Airman third-class Dennis L. Floyd of Granite City, is being reassigned to Bunker Hill Air Force Base, Ind., following his graduation from the U. S. Air Force technical training course for medical records specialists at the Gunter Base in Alabama.
Floyd was trained in hospital administrative procedures, including maintenance of clinical records and preparation of medical, dental and veterinary reports. The airman, son of Mr. and Mrs. Ival L. Floyd, 2227 State street, is a graduate of Granite City high school.

Two Performances

Vaudeville Theme Of Final 'Music Under Stars' Show

A musical comedy, "The Death of Vaudeville," is the fourth and final program in the "Music Under the Stars" summer concert series, and will be presented on Monday and Tuesday nights next week on the outdoor stage in Wilson Park.

The third program in the series, a concert by fifth and sixth graders and junior high school students, was presented Monday night at the park and attracted an audience of about 500 persons, according to program director Warren Simpkins.

"The Death of Vaudeville" will be directed by Simpkins and staged by Wayne Hubbard, English instructor at Granite City high school.

RC Cola Sales Still Setting New Records

Earnings of Royal Crown Cola Co. and consolidated subsidiaries for the six months ended June 30 amounted to \$1,058,916 (9 cents per share) after providing \$1,261,000 for federal and state income taxes — compared with earnings of \$833,619 (73 cents a share) for the comparable 1962 period, after providing \$860,000 for federal and state income taxes.

The earnings represent an increase in excess of 28% per share and exceed earlier predictions, it was announced Friday. "There is every indication that the present increase should continue throughout 1963, which would result in this being the best year in sales and profits that Royal Crown Cola Co. has ever experienced," President W. H. Glenn said.
The month of June was the 21st consecutive month in which Royal Crown Cola Co. had an increase in sales.

\$324,000 Public Aid To 7487 In County In May

There were 417 less persons on Illinois public aid rolls in Madison county for the month of May than in the preceding month, and there was a drop of \$18,075 in total money paid out according to the latest figures compiled by the Illinois Public Aid Commission.

In May of this year, there were 7487 persons on the county relief rolls as compared with 7604 for April and during May a total of \$324,406 was paid out as compared with April's total of \$342,481.

Figures for May in all types of assistance were slightly lower than those for April, except for a slight rise in the amount of assistance to blind persons. A \$15,006 drop was noted in general assistance, with \$29,913 paid out in May as compared with April's \$44,919.

A breakdown for May shows \$86,465 old-age assistance paid to 1026 people (\$87,495 to 1056 in April); \$178,596 aid to dependent children (\$180,590 to 1696 in April); \$4786 blind assistance (\$4744 to 60); \$24,646 disability assistance to 310 (\$24,733 to 314); and \$29,913 to 1299 on general assistance (\$44,919 to 1643).

Statewide, there was a drop in the public aid rolls of 12,329 persons from the previous month and 23,096 from a year ago. The drop was confined chiefly to general assistance and aid to dependent children.

Harold O. Swank, executive secretary of the IPAC, said the aid rolls down to 430,183 recipients as compared with 442,511 the previous month and 453,272 in May of last year.

Public aid expenditures in May totaled \$24,288,447; the previous month, \$24,692,650; and May 1962, \$25,990,534.

Morris To Head UF Municipal Units Group

Milton M. Morris, owner of the Milnor Manufacturing Co. in Venice, has been named chairman of the Municipal Units division of the 1964 Tri-Cities Area United Fund campaign. It was announced today by the campaign chairman, A. P. Steinhauser.

As head of the division, Morris will coordinate solicitation of contributions from businessmen and public employees in Madison and Venice. Morris also will be responsible for all campaign activities in these areas with the exception of solicitation of professionals and industrial employees.

Morris, a member of the UF board of directors since 1961 and co-chairman of the 1961 campaign's government division, is serving in his third consecutive campaign as chairman of the Municipal Units division. He also was a member of the small industry division during the 1961 campaign.

The new chairman was a member of the board of directors and an active worker in the Community Chest, the fund-raising organization which preceded the United Fund in the Quad-City area.

Morris is currently institutional representative for Venice Boy Scout Troop One. He was a member of the executive board of the Cahokia Mound Boy Scout Council for eight years and in 1957 was awarded the Silver Beaver, highest honor awarded for service to a scout council.

He is also program chairman of the Venice Lions club and a member of the Venice Crippled Children's Organization, the American Materials Handling Society, St. Louis Astronomical Society, Harbor Point Yacht club and St. Mark's Catholic Church in Venice.

Charged In Warrant

Leonard Moss, 1433 (rear) Washington avenue, was arrested Monday by Granite City police on a charge of battery. A warrant was filed by his wife, Mrs. Judy Moss. He was released on \$100 property bond pending a hearing.

MILTON MORRIS of Venice, who will be chairman of the Municipal Units Division of the fall United Fund campaign in the Quad-City area.

Firemen Answer Alarms At Residence, Garage

Granite City firemen responded to two alarms early this week.

West Granite firemen were sent to the home of Mary St. Venny, 1220 Maple street, Monday afternoon when grease in a skillet started a fire in the kitchen. Amount of damage to walls and cabinets and from smoke was estimated at \$250.

Firemen from the main station answered a call at 1:20 a.m. Tuesday at the home of John Keller, 2411 Washington avenue, where a block garage was burning. The roof was ignited when a trash fire spread. Loss was estimated at \$100.

On Aircraft Carrier For Far East Exercise

Gary L. Tiltswort, Navy boat swain's mate third-class, son of Mr. and Mrs. Paul H. Tiltswort, 2722 Myrtle avenue, is serving aboard the attack aircraft carrier U.S.S. Constellation, a Seventh Fleet unit, which participated in a joint U.S.-Republic of Korea amphibious exercise dubbed "Operation Flapjacks," conducted near Seoul, Korea.

The training exercise involved 67 ships and numerous Marine air and ground units of both nations. It was similar to other operations periodically conducted by Seventh Fleet units with armed forces of Far Eastern countries to improve proficiency in amphibious maneuvers.

MEMO TO NEW-HOME BUYERS:

The Medallion at the door of your new home is *proof* that the home meets specific standards that make up a first-class electric system.

To earn the Medallion, your new home must have adequate wiring for all needs — heavy duty circuits, special purpose circuits, general purpose circuits.

It must have light wherever needed for safety, light over all work surfaces.

It must be equipped with at least four major electric appliances, including an electric range.

In a Medallion Home you get the full benefit of electric living.

And, whenever you wish to sell the home, you're much more apt to get a good price.

Before you build or buy a new home, ask for the complete list of Medallion Home specifications.

Trust the builder who displays the Medallion

Depot Picnic Set For Aug. 3

The Granite City Army Depot announced this week that its annual picnic, which will mark the 21st annual anniversary of the installation, will be held at the American Legion Park near Edwardsville on Saturday, Aug. 3. A basket-lunch picnic is planned, with festivities commencing at noon.

Final arrangements are being made to provide amusement rides for children. Games and sports will be available for both children and adults.

Highlight of the picnic, crowning of the Depot queen, will take place in the afternoon.

Wounded By Gunshot

Mrs. Archie (Ivory) Williams, 45, of 1033 Market Street, Venice, was treated this week at St. Elizabeth Hospital for a superficial gunshot wound to the palm of her right hand. She was sent to Barnes Hospital in St. Louis for further treatment, and then was released. The loaded revolver went off as Mrs. Williams was handing it to her husband.

Open House By Credit Bureau Next Tuesday

An open house for all members and friends of the Associated Retailers' Credit Bureau of the Tri-Cities will be held Tuesday from 2 p.m. to 7 p.m.

The featured display will be the Comptometer, a credit bureau's new Diebold au-

tomatic files. The Credit Bureau is the only one firm of its kind in the metropolitan area which has this type of credit reporting facilities.

Also on display will be other advanced machines, including a Recordak microfilming machine, an AT&T teletype machine, a Thermo-Fax copying machine, an

A. B. Dick sure-feed Mimeographing machine and a new telephone system.

Since the open house in August 1962, four have been added to the credit bureau staff. They are Lillie Lear, Patricia Robinson, Emma Lee Belanger and Delores Tomas.

GC Board Hires 9 New Teachers; 5 Resign Posts

The Granite City board of education Tuesday night accepted resignations from five teachers and hired nine others for the next school year.

Resignations were accepted from Roger Beard, business education teacher at the high school; Mrs. Yvonne Dressell, home economics teacher at Central junior high school; Mrs. Jean Holder, physical education teacher at Central, for personal reasons; Mrs. Elizabeth Kettler, physical education teacher at Emerson school, whose husband is being transferred; and Mrs. Beverly Lemberger, kindergarten teacher at Fohardt school, for personal reasons.

Hired were Norman Grote, 2623a State street, a 1963 graduate of Southern Illinois University, for elementary physical education; David D. Painter, Venice, a 1963 graduate of Eastern Illinois University, for junior high school mathematics; Phillip R. Shatto, Milan, Mo., who recently obtained his master of arts degree at Missouri University, for social studies at the senior high school.

Librarian, Driver Training

Harry Alfred Wainwright, Roxana, who earned a master of arts degree from Northwestern Missouri State College in 1962, for driver training at the senior high school; Walter Louis Whitaker, 2375 Boyle avenue, a 1962 SIU graduate, for elementary physical education; Mrs. Sara Charlene Winster, Glasgow, Mo., a 1963 Missouri U. graduate, senior high school librarian.

Miss Barbara Dolores Crafts, Cahokia, 1963 graduate of Illinois State Normal University.

junior high school math; James J. Jeffries, East St. Louis, a 1963 SIU graduate, social studies at the senior high school; Miss Anne Marie Stas, Lake Worth, Fla., a 1963 ISNU graduate, for speech and English.

Treffle Cox, a GCHS teacher for the past 14 years, received special recognition from the board upon his retirement. He previously taught in the Madison school system.

He announced plans to move to the Rolla, Mo., area, where he will continue to do some work. He remarked that "I'd rather get out and work than make a speech."

Chief, Wife Return

Venice Police Chief and Mrs. Frank L. DeWitt, 635 Washington avenue, returned Monday evening from a two-week vacation trip to the west coast. They traveled by air.

Venice Bridge In Good Condition -- Engineers

Hardisty & Hanover, consulting engineers for the McKinley toll bridge owned by the city of Venice, reported that the bridge is in a satisfactory state of repair, that its basic condition is good and that traffic is handled in an expeditious manner.

In an annual report to the city, the New York engineers say, "From our observation of bridge operations, we find that the bridge is receiving prudent and intelligent management and conformity with the requirements of the bond ordinance."

The report listed improvements and repairs satisfactorily completed, those still underway, recommendations for the next fiscal year starting Oct. 1 and future recommendations.

Improvements completed include closure of handrail gaps at the main spans, \$29,920, and repairs to column bases, \$12,020.

To Be Completed

Items to be completed include a drainage gutter on the St. Louis approach embankment, \$5,000; a fence on two sides of the bridge property on the south side of the St. Louis approach, \$1,200; and replacement of defective asphalt concrete pavement in the south half of the eastbound lanes in the St. Louis approach, \$10,700, all contracted to General Contracting Co.

Install steel rub-rails at girder stiffeners in the two west-bound traffic lanes over Hall street, \$12,000; repair cracked concrete coping at the bridge, \$23,000; repair cracked curbing on the steel and concrete viaduct for eastbound lanes of the Venice approach, \$16,000.

Repair handrails supporting cashing lights adjacent to the eastbound lanes where they turn away from the railroad track on the Venice approach, \$280; and relocate eight navigation lights to the tops of the main river piers from their present positions, \$13,500.

Next Bond Year

Recommendations for improvements and repairs in the next bond year include:

A series of elevations to be taken on the top of each pile bent, including the abutment, in the west and concrete viaduct carrying the eastbound lane in the Venice approach, \$500; secure the steel section of concrete-filled grouting in the steel and concrete viaduct of the Venice approach, by installing steel plates below the deck, \$350.

Relace the existing roadway lighting system, \$43,000; remove all the pipe and lattice-type bridge railing between Hall street and a location just west of pier No. 1 in St. Louis, \$80,000; and install a chain link fence around bridge property adjacent to the McKinley Iron Co. in St. Louis, \$13,000.

Future Improvements

Recommendations for future improvements and repairs with current estimated costs, include: Install final modifications of the roadway lighting system on the bridge, \$88,000; clean and paint all steelwork in the main spans in 1967, \$85,000; replace the existing fire protection system on the bridge, \$28,000; and replace all the pipe and lattice-type handrails on the main span and the Venice approach, \$110,000.

If necessary, widen dock in westbound lanes at the sharp curve at the top of the Venice approach, \$174,000; install two additional toll booths at the top of the Venice approach, \$10,000; replace facilities as required by traffic growth, \$87,000; construct a new administrative building, main entrance, parking area, \$110,000; and replace all asphalt-concrete timber deck with a concrete deck, \$650,000.

The recommendations for maintenance and improvements were made in the report with a view to extending the useful life of the bridge and improving the bridge properties from the standpoint of safety and better service to the public, the engineers noted.

Plant May Pick Nameoki Township Site, Board Told

Nameoki Township is one of the locations in the metropolitan area being considered for construction of an industrial plant by a large national company, it was reported by Township Supervisor Harry A. Briggs at a meeting of the town board of auditors Monday evening.

The name of the corporation was not disclosed by Briggs, but he said the company has 30 plants throughout the nation. A decision by corporation officials on the site of the plant, Briggs said, is expected to be made Aug. 2.

One of the other proposed sites is in St. Louis county and the other is in St. Clair county. About 25,000 are employees of the educational institutions or of the constitutional officers, and are on payroll submitted directly to the auditor for audit and processing.

Seek Zoning Change

In action by the board, a resolution was voted to appeal to the County Zoning Board of Appeals for a change in zoning of a three-block area at the north end of the township line. The town board will ask the zoning board to change the area from an R2 district to an R3 district.

Township officials feel that the area will be more readily suited for smaller lots. In an R2 district, a lot must have a frontage of 100 feet, while in an R3 district only a 70-foot frontage is required, it was explained.

Soil tests have been made in the area and the soil was found to be porous and sandy. This type of soil is more receptive to septic tanks, a board member explained, thus allowing a smaller lot to support a tank without creating a health hazard.

No New Data On Suit

In a suit pending in the St. Clair county circuit court, filed by Nameoki township against the East Side Levee and Sanitary district non-refundable bonding limitation, a hearing has been postponed.

No new date has been set for the hearing, originally scheduled for July 12.

In the suit, the township seeks to have declared void a state law which became effective Jan. 1, 1963. The officials want the levee district to issue general obligation bonds against taxable property to aid in financing a proposed sanitary sewer project for Nameoki township.

The law requires that a district-wide referendum be held before the levee district can issue such bonds, and the township wants to have the election omitted.

Survey At Eagle Park
Briggs announced that a survey is being made of 30 lots in Eagle Park and surrounding areas by the engineering firm of H. W. Lochner & Co.

It is expected to settle uncertainties between Nameoki and Venice townships as to which township the lots are in.

Next regular meeting of the town board is scheduled for Monday Aug. 5 but Supervisor Briggs indicated that a special meeting might be called on Monday, July 29, to pass a resolution which would accompany the township's application to the Illinois Sanitary Water Board for its proposed sanitary sewer system.

13 Tires Slashed

Thirteen tires on seven new autos parked in the lot of Farmington Motors were slashed by vandals, police were informed Monday.

Pay Day Varies For Employees Of State

"When do I get my check?" To help 67,000 Illinois state government employees determine the answer to that question, Mitchell J. Howlett, state auditor of Public Accounts, is preparing an information bulletin on pay day due dates for state employees.

The date on which a state employee is due to receive his paycheck is, like Easter Sunday, predetermined but movable.

A new worker in the highway division or the state mental institutions may think his check is late when it is actually on time. It is due on different dates in different months.

There are more than 67,000 employees on all state payrolls. About 25,000 are employees of the educational institutions or of the constitutional officers, and are on payroll submitted directly to the auditor for audit and processing.

Monthly, Semi-Monthly

About 21,000 of the 25,000 are paid monthly, and their warrants are due on the last working day of the month. The other 4,000 are paid bi-monthly, on the 15th and last day of the month.

The rest of the state employees, about 42,000, are on payrolls which must be processed through the Department of Personnel and of Finance before the auditor receives them. These employees work for state departments and major commissions and miscellaneous agencies.

Payrolls for the 42,000 are routed through the three offices—Personnel, Finance and Auditor—so that about 400 workers will be paid daily between the 4th and the 12th working day after the end of the previous pay period.

This schedule was established so payrolls could be processed evenly. An attempt to pay all state employees at once would require more staff and equipment for a few days each month, with idle periods between.

Since months are of varying length, and since Saturdays, Sundays and holidays are not working days, the pay day for code department employees varies from month to month.

For example, May 1 was pay day for employees scheduled to be paid on the 12th working day after the pay period of April 1 to 15. But the same employees were paid on June 4 for the period of May 1 to 15.

Often Early, Seldom Late
When the three offices involved are able to process payrolls for more than 4000 code department employees in a working day, this is done. On such occasions, some workers may be paid a day or two ahead of their scheduled pay date.

During the last two years, very few of the 12,000 payrolls handled annually by the auditor have been late. Major payroll changes required by the State Salary Withholding Act required extra processing time in some departments.

When necessary, the auditor's employees have worked overtime to make up time lost due to late submission of payroll vouchers delayed in department processing. The auditor's Payroll Code Book for the 12th biennial will indicate the warrant release date for each payroll. Payroll clerks of all state agencies and departments will be given this information, and the agency involved can add a day or two for delivery time, as required, and develop a pay day schedule for the entire 73rd biennial in advance.

Exam Station To Close Friday Due To Training

Personnel of all Driver License Examining Stations in a 14-county area of southern Illinois, including the Granite City station, will attend an in-service training school Friday and Saturday in Mount Vernon.

Secretary of State Charles F. Carpenter said that because of the school, the stations will be closed Friday. All personnel will attend the first day's sessions, while the second day will be for examiners only.

Subjects to be covered include information on the application blank, road test procedures, grading of drivers' performances and public relations.

MISS EMILY CAROL DONIFF, whose engagement to Richard Anthony Berardino, a son of Mr. and Mrs. Vincent Berardino, St. Louis, is announced by her parents, Mr. and Mrs. Tony Doniff, 2600 Grand avenue.

Fall Wedding Is Planned By Miss Doniff

Mr. and Mrs. Tony Doniff, 2600 Grand avenue, are announcing the engagement and coming wedding of their daughter, Miss Emily Carol Doniff, to Richard Anthony Berardino, a son of Mr. and Mrs. Vincent Berardino, 6946 Normandale drive, St. Louis.

The bride-to-be, who graduated in 1960 from Granite City high school, will graduate August 11 from Jewish Hospital School of Nursing in St. Louis and will continue on the nursing staff there.

Her fiancé is employed by Monsanto Chemical Co. in Creve Coeur. He attends the Southern Illinois Residence Center, East St. Louis, where he became a member of Alpha Phi Omega fraternity. He is majoring in chemistry and education and will receive his degree next year. A November wedding is planned by the couple.

BLOOD PROGRAM—Assisting a soldier who had donated a pint of blood in a Granite City Army Depot blood contribution program are Mrs. Lois Lester (right), a local nurse's aid, and a Red Cross nurse.

JUNIOR RED CROSS gift boxes to be sent to children overseas are being packed by Deena Young, a local Junior Red Cross volunteer. The boxes, containing items from school supplies, are filled by children in Quad-City elementary schools and distributed by the American Red Cross.

Red Cross Chapter A Link Between Servicemen, Families

The local chapter of the American Red Cross is a volunteer organization responsible for assisting servicemen and their families with personal problems by providing emergency consultation and understanding guidance.

It is among the agencies financed by the United Fund.

The Red Cross acts as a link between home and the service men's military location and provides emergency financial aid, assistance with claims for government benefits and referrals to other community services.

The local office, at 2033 State Street, is staffed by an executive director Mrs. Ruby Overbeck, and an office secretary, Mrs. Mildred Meahan.

The largest service provided for by the local agency is home service.

Home service is described as the vital link between military authorities and the families of millions of Americans in the armed forces. Red Cross field directors, one of which is stationed at Scott Air Force Base and is assisted by the local chapter, are based with military personnel and become chapter contacts when personal problems arise in the lives of servicemen.

When five or more families are involved in a disaster, the chapter provides relief in the form of food, clothing and medical care, plus long-range rehabilitation based on family need.

All aid disbursed in a disaster is given as an outright grant and is never repaid.

Varied Services

Along with the home and disaster programs, other services provided by the local chapter include handling of emergency calls and correspondence for servicemen and their families, preparing social and home history reports of servicemen for the armed forces, teaching first-aid and water safety methods to organized adult and children's classes in the Quad-City area, development and operation of area blood banks, and coordination of local Junior Red Cross Units.

So these and other services can be provided by the Red Cross Chapter during the coming year, the United Fund has allocated \$28,000 for the 1963-64 fiscal year.

The chapter will allocate a small portion of that sum to the national Red Cross to help pay the salaries of field directors stationed in military outposts overseas.

The rest will be used to finance local services.

Typical Problem

'Typical of the work in which the Red Cross is involved is a case recently handled by the local chapter.

An out-of-town serviceman stationed at the Granite City Army Depot came to the local office and explained that he had recently been called to active duty from the reserves.

His recall to duty had not been anticipated, in addition to the many financial problems involved with the sudden change of income, the serviceman's wife had become ill following the birth of their first child.

The wife was not hospitalized but was treated by a psychiatrist and was unable to care for herself or the three-month old child.

There was no one else in the family to care for her other than her elderly parents, who were ill themselves. The reservist said the neighbors had been assisting the wife and baby during the day while he was at work.

He told the chapter secretary that when he received his notice to report he called and tried to explain to the military that he would be unable to report because of the illness. But he was instructed to report for duty as ordered.

After the serviceman reported at the Depot, he frequently received long-distance telephone calls from his mother-in-law saying that his wife was growing worse and they were having a

difficult time caring for her and the child.

After further interviewing the serviceman, Mrs. Overbeck discussed the problem with his commanding officer, who requested that the chapter wire for a doctor's health-welfare report on the wife and her parents.

When the report arrived in Granite City, the Red Cross verified it and the serviceman was granted a two-week emergency leave. The chapter granted the man a loan to cover his plane fare expenses to and from home. Later, through the efforts of the local chapter, the serviceman was given a hardship discharge from the service.

One-Month Case Load

During June alone, financial assistance to servicemen totaled \$654. Home service had 147 contacts, 69 of which were with Granite City Army Depot personnel. Eight emergency leave requests and four extensions were handled. A social history was prepared.

Thirteen servicemen received financial assistance, 67 persons were counseled and one person was assisted with government benefits. Twenty-four other persons were given aid involving correspondence and 12 received information.

The many programs and services offered by the Red Cross chapter here are made possible only by public support, as expressed in United Fund contributions.

Service To Depot

By serving the Granite City Army Depot, the local chapter is acting for the Scott AFB field director and has the authority to handle emergency leaves and to grant loans to cover servicemen's transportation expenses.

Loans to servicemen going on emergency leave are repaid to the chapter by Scott AFB. All other loans and services are financed entirely by the local chapter.

Repayment of loans is arranged so as not to cause undue hardship on the member of the armed forces or his family. No interest is charged and repayment is usually at the rate of \$5 or \$10 a month. If payment would cause serious hardship, the loan may be canceled and made into an outright grant.

Emergency aid disbursed in a disaster is given as an outright grant and is never repaid.

Varied Services

Emergency leaves are handled by the Red Cross because of the need for verification of the urgency. The chapter serves only as advisor to the military unit involved and has no authority to approve or disapprove a military leave.

SUNBEAMS MEET

The Ruth Womack Sunbeam band met Sunday morning during worship services at Second Baptist Church, where the group was in charge of the program.

Mrs. LaVerne Fennell opened the meeting with prayer. Mrs. Welty told the story, "We Go to Mexico," and Mrs. Fennell spoke on "A Visit to the City."

The children drew pictures of things they had seen or wanted to see on their vacations. Refreshments were served.

Sunbeams present were Debbie Davis, Vickie and Susan Welty and Ruth Ann Wilson, and visitors were Roy Sanderson, Vickie Campbell, Greg and Brad Buckingham, Betty Singleton and Barbara, Paula and Debbie Kuebel. Closing prayer was given by Margaret Lippert.

Accompanying the family on the trip were Miss Evelyn Barnes and Richard Miller of Granite City. A birthday party was given for him at Second Baptist Church, where the rooms were decorated with balloons and a large birthday streamer. Games were led by Gary Wigger, and refreshments were served to about 30. He was presented with a large birthday cake and also many gifts. He also has received a watch, purchased with money given by his friends at Second Baptist Church. The watch was presented to him by C. B. Woodward, Carmi Children's Home representative for Madison county.

Movie Of Latin Band On Mexico TV Show

Sound movies of a half-hour television performance given by the Coolidge Junior high school Latin American ensemble during their trip to Mexico City last summer were shown at Tuesday luncheon meeting of the Granite City Rotary club, held at the YMCA.

The television show was given under the auspices of the Mexico Department of Culture and Education and all of the commentary was in Spanish. However, the Tri-Cities and Granite City, as well as the school name, were frequently mentioned in English.

The ensemble's selections were roundly applauded by the Rotarians. Loren Davis, program chairman, introduced Eugene Alaski, head of the local school art department who accompanied Director Dan Todoroff and the ensemble to Mexico, and he prefaced the movie with a brief introduction. The film is available without charge for showing by local organizations.

President James Louis reminded club members to complete sale of their tickets for the annual Horse Show, a gala event scheduled for Aug. 25 at the Speedway in Mitchell.

Horse Show Aug. 25 To Feature Flag Race, Jr. Western Pleasure

Two of the most thrilling and colorful events to be featured in the Granite City Rotary club's annual horse show Sunday, Aug. 25, at the Tri-City Speedway near Mitchell are the flag race and the junior western pleasure event.

The flag race, an old favorite among horse show enthusiasts, is a fast-moving event in which the rider and his horse must work as a team. Object of the event is for a rider to transfer a flag from one station to another and cross the finish line as fast as his horse can carry him.

In preparation for the race, a finish line is marked one-fourth of the distance from one end of the arena. Two buckets of sand—one containing a flag—are then placed on barrels, one against the fence 30 feet from the starting

Callis Named To Illinois State Bar Committee

Horace A. Young, Chicago, president of the Illinois State Bar Association, has appointed

F. L. Callis of Granite City to serve as member of an association standing committee for the fiscal year of 1963-64. Callis will serve on the state committee for public services. The 12,000 member organization

has 26 sections and 25 standing committees charged with the responsibility of carrying out the diversified programs of the association. Members of the committee promote American citizenship ac-

tivities, study constitutional amendments and international law, supervise and conduct hearings for the censure or disbarment of lawyers who get in trouble, study state legislation, investigate the unauthorized prac-

Difficult Maneuvers
The junior western pleasure event, while much slower and less breathtaking than the flag race, is a test of young horsemen's ability to put their horses through various difficult routines.

For this event, the contestant must be 15 years old or younger and his horse must be fifteen hands (65 inches) or over.

The event requires the riders to walk, trot and lope their horses in both directions around the ring and put their mounts through two figure-eight routines and a back-up.

During the change from a walk to a lope, the horse must retain a smooth and steady stride. A rider is judged on how he handles his mount. Points deducted from the contestant's total score if the horse breaks stride or trots during a change. The rider who amasses the largest total of points is declared the winner by the judges.

Latest County Sales
Tax Total Is \$13,285

Madison county sales, tax receipts for April sales will total \$13,285, the Illinois Department of Revenue has announced. The total compares with \$18,199 in March, \$11,478 in February and \$13,052 in January.

The April distribution includes both March and April sales of motor vehicles and boats because of new regulations requiring the tax to be paid before registering or obtaining the title to a car or boat.
